02 February 2026

Dear Patient,

Re: PCN Change Langstone Way Surgery

We are writing to ask for your views about a proposed change involving your GP practice.

Langstone Way Surgery is a member of Barnet Primary Care Network (PCN) 4, with three other GP practices and they have requested to move to PCN 3, with seven practices.

What are Primary Care Networks (PCNs)?
Primary Care Networks (PCNs) are groups of GP practices that work together to offer more services to patients from staff such as pharmacists, physiotherapists and dietitians, including providing evening or weekend appointments from a Hub or another practice. The PCNs also work closely with other services like social care and mental health.

Why is this change happening
Langstone Way Surgery is requesting this change because, Wentworth Medical Centre GP partners are now the contract holders for the practice, the two contracts will merge on 1 February 2026, and they want to align services that are delivered across PCN3.
This means that from when the contracts merge, and by appointment, patients will have access to the following services at the PCN3 hub based at Wenworth Medical Practice.
These include:

- Extended hours appointments at Wentworth Medical Practice
- In-house Physiotherapy services at Wentworth Medical Practice
- Clinical Pharmacist appointments at both practices
- Mental Health Practitioner (MHP) appointments at Wentworth Medical Practice

In addition, patients will be able to access evening (6:30-9:00 pm) and weekend (8:00 am to 8:pm) appointments from the Wentworth Medical Practice.

You do not need to do anything, your registration with Langstone Way Surgery will not change, but you may see a change in the location and services offered.

Tell us what you think

The practices request to change Primary Care Networks will be referred to the NHS North Central London's Primary Care Committee to take a decision, but before that, we want to hear your views before a final decision is made. Your feedback will help inform the decision.

- The survey is **confidential** and can be filled out online by following the link : https://feedback.northcentrallondon.icb.nhs.uk/primary-care/proposed-change-of-primary-care-network-pcn-for-la/
- By scanning the QR code provided at the very top of this letter on your mobile device
- You can also get a paper copy of the survey at the practice reception
- If you need help filling in the form for any reason, please ask the reception team

The survey will close on 26 February 2026. Thank you for taking the time to share your views.

If you have any queries, comments, or concerns please feel free to contact us on the following email: nclicb.nclprimarycare@nhs.net or by telephone 0203 965 9658

Yours faithfully,

Vanessa Piper
Assistant Director of Primary Care
NHS North Central London ICB
